

Replacement Policy:

Ian Drummond Collection Inc. understands the finite nature of true vintage clothing. Over the past 25+ years this collection has been refined and edited to become known by costume designers worldwide as one of the best boutique rental resources in North America. When rentals unexpectedly deteriorate we understand. We will work with the costume department to achieve a fair trade.

There is no replacement for one of a kind vintage but equally interesting / wearable pieces will be considered first by IDC. Only when nothing suitable is available will we resort to a cash replacement value set at **10 times the rental value.**

Name (printed legibly/typed)

Date

Signature (applies to all and future rentals for the production period)
